

Convenient and Dependable Seal Labelling Systems

SEAL

Easy media replacement ensures quick turnaround time. Seals can be pre-loaded to cassettes resulting in enhanced productivity.

Durable Construction

- Reinforced plastic casing ensures that SATO's seal labellers are suitable to be used in all types of labelling conditions.

Reduce Turnaround Time

- Lightweight Seal labellers are engineered to fit the hand comfortably. User can work for longer hours without tiring out.

Smooth Dispensing of Seals

- Label transporting mechanism allows smooth dispensing of seals.

"Snap-In" Cassette Systems

- Provides simple and easy media replacement for the users

"Double Feed" Feature

- Choose from a wider variety of seal sizes

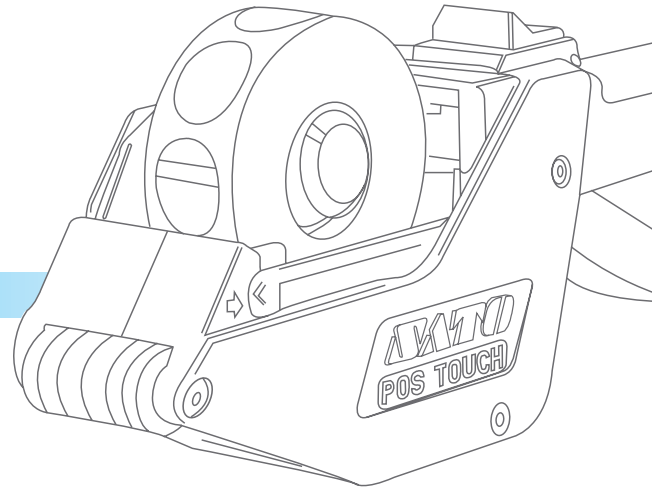

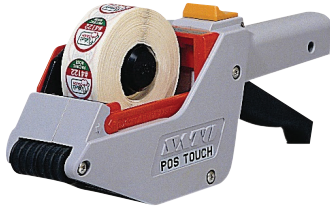

SATO's Seal Labelling systems offer three seal sizes, 25mm, 33mm and 50mm. Precise labelling application can be achieved for any labelling requirement.

In addition, **unique Seal Cassette Systems enables you to change rolls of seals quickly and easily, saving time and cost.**
